MEMORANDUM FOR: The Honorable George H. Mahon
Chairman, Committee on Appropriations
House of Representatives
Washington, D. C. 20515

SUBJECT: Radar Programs Review

1. I am forwarding to you and your committee a recent study which evaluates future radar collection systems. This detailed study was undertaken in order to provide the most complete response to the SSCI's request and at the same time provide the information necessary for the development of appropriate portions of the NFIP and DoD budget. I believe that you will find this report very informative and useful in your deliberations over the FY79 budget. I can report that we have been able to use preliminary information derived from this effort in the development of our program recommendations.
